Education

Geethanjali College of Engineering and Technology (2023-2027)

Bachelor of Technology in CSE-Data Science

Hyderabad,Telangana

CGPA:8.37 /10

Vector Junior College(2021-2023)

Nizamabad,Telangana

CGPA:9.77/10

Zilla Parishad High School,kaligote(2021)

Nizamabad,Telangana

CGPA: 10/10

Skills

Programming Languages: C,HTML,Python,Java,MYSQL Databases

Soft Skills: Good Communication, Leadership qualities, Team building

Internship

SkillDzire Internship, Hyderabad, Telangana

May 2025

Completed a Data Science internship at SkillDzire (May–June 2025). Gained hands-on experience in Python, data analysis, and basic machine learning techniques. Worked on data preprocessing, visualization, and simple model building. Developed practical understanding of real-world data science workflows.

Projects

Automated Plastic Vending Machine

Developed an automated Arduino-based Smart Plastic Vending Machine that dispenses fine rice proportional to the amount of plastic waste deposited. Designed the system to encourage plastic recycling while reducing plastic, air, soil, and water pollution through responsible waste management.

Proposed a social-impact solution to address hunger reduction in India by converting plastic waste into essential food support..

Certifications

- Have done 4 Certifications from CISCO Networking Academy(C Essentials,Advanced C,Python,Java).
- Completed Openshift AI and Python Certification from Red Hat Academy.

Interests

- Travelling
- Badminton
